Special Area at:

We make your business happen.

Welcome

to the joint booth of the IVAM Microtechnology Network: The **special area "Micro Nanotech"** will function as the central hub for end users of Micro- and Nanotechnology and put the latest trends in diverse high-tech fields on display.

At MD&M West 2019, **IVAM Microtechnology Network** brings together innovations in key technologies such as

- microtechnology
- nanotechnology
- MEMS
- photonics and
- advanced materials.

The exhibitors of the IVAM joint booth will present

- miniaturized components
- high-tech electronics
- innovative laser processes
- functional coatings
- smart sensors
- high-precision structuring
- measuring and screening processes

This flyer will provide an overview of the companies and institutes which will be exhibiting at the **special area "Micro Nanotech"**. Take the opportunity to get a global overview of the application areas of miniaturized high-tech for medical devices and to find new partners and customers!

We are looking forward to meeting you at MD&M West 2019!

OPENING HOURS: February 5-6: 10:00 a.m. - 5:00 p.m.
February 7: 10:00 a.m. - 4:00 p.m.

We make your business happen!

“International markets are waiting for your high-tech products”

We help you with

- accessing the European market
- finding distribution partners
- PR in Europe
- organization of your R&D projects

We offer

- general and bespoke market research
- international trade show visibility with IVAM joint booths
- publication of your product news in our media

We make your business happen.
